# LAKEN - a Premium Technical Lifestyle Brand

*Technically and personally suited to every individual's hydration needs*

**Laken** (*Productos Deportivos S.A.*), a Spanish company operating for over a 100 years, specializes in environmentally friendly bottles and containers for drinks and food.

Today Laken provides a huge selection of drinking bottles, thermoses, flasks and food containers made of certified and guaranteed safe materials, including food grade stainless steel and aluminum.

## **Express yourself with LAKEN**

We have employed some world class designers such as Kukuxumusu and Moebiuss to design some of our bottles and accessories, so you can express yourself with Laken. You can also design your own Laken! If you are a business, we will be happy to partner with you in co-branding our bottles with your company logo and design.

## **The Laken Vision**

Laken takes your need for hydration during all types of activities including sports, work and even during relaxation, very seriously. With this basic need in mind we aim to provide bottles and containers that are technically and personally suited to every individual's hydration needs.

We also promise to accomplish this with complete respect for the world's environment and for individual health and safety. See the Revive2Survive and Outdoor Pro Authentic initiatives in this catalog.

Laken achieved accreditation under the ISO 9001:2008 standards many years ago, indicating our strong regard for maintaining the highest quality and service possible. All bottles are produced to exceed FDA, EEC and other international standards. Our ISO 14001 certificate demonstrates our commitment for environmental responsibility All of Laken Bottles are BPA Free. Laken Bottles Corporation is the sole distributor of Laken in the USA and Canada.

We commit to a continuing respect for the highest materials and manufacturing standards in our products.

## Contact Us

#### A CENTENARY BRAND

The era when a small company was taking the great leap into the unknown of being a large force is now in the distant past. More than one century of history on our back and exporting to more than 50 countries and with complete, LAKEN is consolidated across five continents, with a network of agents, distributors and sales points that make our company a solid international reference.

#### ONE BRAND, ONE COMMITMENT

LAKEN analyses the needs for adequate hydration and provides a container that is technically and personally suited to every person. With complete respect for the international environmental considerations and health and safety regulations. LAKEN is accredited with ISO 14001 which shows our commitment to manufacture our products in a friendly way with the environment.

#### UNA MARCA CENTENARIA

Lejos queda aquel tiempo en el que un pequeño negocio dió un salto adelante para convertirse en una gran empresa. Con más de un siglo de historia a nuestras espaldas y exportaciones en agentes, distribuidores y puntos de venta, LAKEN está considerada una sólida referencia a nivel internacional.

#### UNA MARCA, UN COMPROMISO

LAKEN analiza las necesidades de correcta hidratación, para diseñar e implementar un envase técnico y personalizado que garantiza una reserva vital de líquido al usuario, teniendo siempre presente un total respeto a las normas internacionales de seguridad alimentaria y medio ambiente; muestra de ese compromiso es que estamos acreditados con la norma ISO 14001.

LAKEN | Solutions for all your hydration needs

## REVIVE 2 SURVIVE

**WATER** - covering over 70% of the Earth, the oceans holding over 96% of it - is essential for the planet, for us - for all of life.

At Laken, it's our imperative to provide solutions that conserve or preserve this precious resource.

# SUSTAINABILITY

It's clear that plastic bottles are a big problem for society. They are slow to naturally degrade and an unnecessary amount of energy and water is spent during manufacture. Greenhouse gases are released and up to 3 liters of water are spent to produce a single bottle that will only contain 1 liter of the same liquid.

Every year 280 million tons of plastic are thrown away, a large part ends up in the sea. Americans add 30 million PET (Polyethylene terephthalate) water bottles to landfills every day!

**Join the REVIVE2SURVIVE pledge to the environment**

Replace single-use plastic bottles with **Laken bottles!** Each time you use our bottle, you save up to 3 liters of our precious resource.

At LAKEN, we continuously work to institute and refine practices to minimize our environmental footprint through solid waste reduction, recycling, and energy and water conservation. **All of our bottles are 100% recyclable and BPA Free!**

## Recycled packaging

At Laken, we want our packaging to have the lowest possible impact on the world around us. We aim for four main sustainability characteristics in our packaging:

- To use 100% recycled or 100% renewable material in our packaging
- To use the least possible amount of material per pack
- To use materials with widely available sustainable waste management options
- To use materials with a low carbon footprint

## Environmental management system

Laken's factory in Spain is ISO 14001:2004 certified, thus guaranteeing that environmental impact is being measured and improved, including:

- Reduced cost of waste management
- Savings in consumption of energy and materials
- Lower distribution costs

## 22 Mountaineers, Five of Them Blind, made summit of the Galdhopiggen in the Scandinavian Alps

*LAKEN, proud sponsor of the first world-wide ascent of blind mountaineers*

22 mountaineers, five of them blind, made the summit of the Galdhopiggen on June 3, 2017 after more than 11 hours of ascension with adverse climate.

This was the practical outcome of the First Edition of the “Mountaineering Courses for the Blind, Adapted Mountaineering and Treatment with Blind Persons” organized by Francisco Javier Bueno Sequera, Teaching Director of the UNED Foundation, and Technical Coordinator of the Mountain Group of ONCE Madrid one of the most prestigious mountain guides for blind people, which include points like Pyrenees, Alps, Andes, Caucasus and Africa. The course concluded with a practical part: the teaching expedition “Norway 2017”.

This globally unique initiative combines teaching in mountaineering for the Blind, expeditionary experience and testing in situ applications and mountain safety utensils. On the ground, three devices and programs of the Spanish GEKO Navsat aerospace research and engineering company were tested for mountaineering safety, route planning and acoustic geolocation for the blind.

Here at Laken, we are fortunate and proud to have been one of the main sponsors of the first mountaineering course for the blind and adapted, as well as the first world-wide ascent of blind mountaineers to the top of Galdhopiggen, the highest peak in the Scandinavian Alps, and in support of their didactic/social intention.

*The five accepted the challenge to show that blindness does not have to be a limitation. Through their undertaking, they hope to encourage and inspire those with physical disabilities to achieve their goals and not to give up their passions.*

## LAKEN Pro Purchase Program Outdoor Pros and Industry Professionals

Outdoor Pro Authentic™ & Performance Dynamix™

*"Lifelong love and care of the outdoors and the natural environment"*

Outdoor Pro - those of us that have a lifelong connection to the outdoors, the activities we engage in and the overall natural environment. Your passion may be camping, canyoneering, backcountry skiing or rock climbing or all of the above - yet we are all connected by a love of being outdoors, testing ourselves and above all taking action to sustain the outdoors.

No matter whether you are weekend warrior, outdoor athlete or industry professional the common connection to the outdoors is also a common foundation in life.

With more people than ever visiting our wild places with insufficient background and experience to do so - it is up to us, the lifelong outdoor "pros" to be the leaders for the greater community and stewards of the outdoors as it continues to grow in the future.

You will find the Outdoor Pro Authentic logo on authentic outdoor gear, images and events with a stated purpose to - evolve the user experience, improve our skills and understanding of an outdoor life while preserving our wilderness environments.

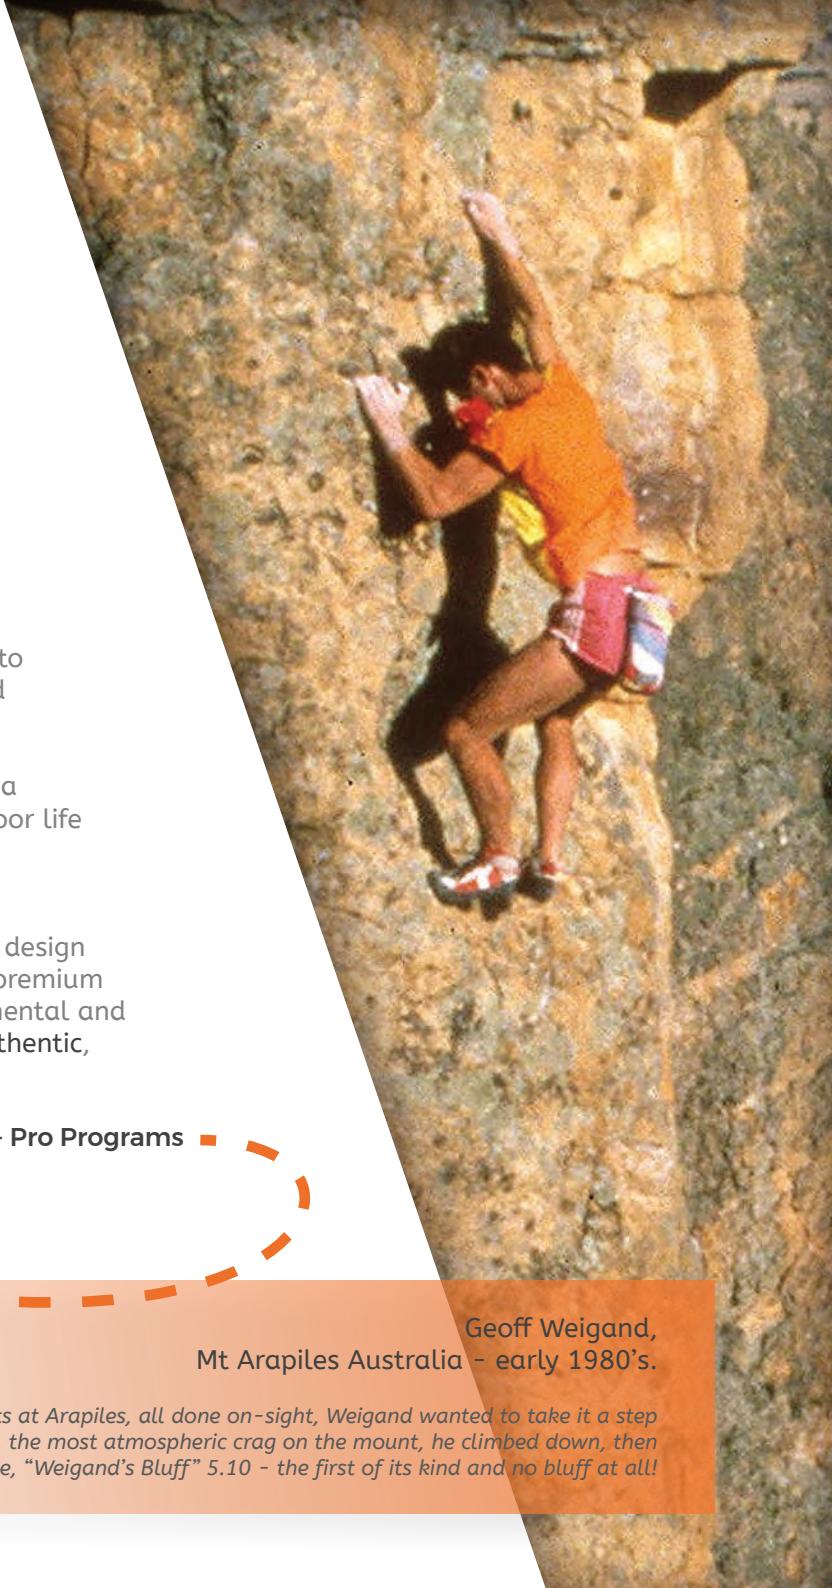

Australian Geoff Weigand: with a lifelong love of the outdoors and one of the original outdoor athletes - bushwalker, professional rock climber, Cat 1 road cyclist, high performance coach and design consultant known for his "no-compromise" approach to life, climbing and gear - recognizes the premium technical quality of Laken products. Equally vital, is Laken's corporate responsibility for environmental and sustainability practices all of which allows Laken products to carry the stamp of Outdoor Pro Authentic, quality tested gear by Performance Dynamix (P|Dx).

For more information on LAKEN Pro Purchase and Outdoor Pro Authentic go to [LakenUSA.com](http://LakenUSA.com) - Pro Programs

Geoff Weigand,  
Mt Arapiles Australia - early 1980's.

After making a number of unroped, solo, 1st ascents at Arapiles, all done on-sight, Weigand wanted to take it a step further, by down climbing a new route. On The Bluffs, the most atmospheric crag on the mount, he climbed down, then up the route, "Weigand's Bluff" 5.10 - the first of its kind and no bluff at all!

## SIZES

## CAPS

### FUTURA

Narrow mouth cap with silicone gasket and insulating layer

### CLASSIC

Wide mouth cap with silicone gasket and insulating layer.

### HIT

our "Hit" style cap adapted for narrow mouth Thermo bottles with SEBS gasket.\*Not designed for hot liquids!

### JANNU

"Jannu" flip drinking cap includes a press-to-release button that opens the drinking spout to get the perfect one hand use bottle. \*Not designed for hot liquids!

## GENERAL FEATURES

- ① **12h** Insulates hot beverages up to 12 hours.
- ② **24h** Insulates iced drinks up to 24 hours. (Ice cubes recommended for a better performance).
- ③ **INOX 100%** Made of 18/8 food grade stainless steel, no liner needed.
- ④ **100% stainless interior.**
- ⑤ **High performance vacuum insulation.**
- ⑥ **This bottle will not sweat or have condensation build up on the outside.**
- ⑦ **Internal temperature won't affect the outside temperature. No burn.**
- ⑧ **No BPA phthalates, lead or other harmful substances.**
- ⑨ **Doesn't retain or impart flavors.**
- ⑩ **Tight closure (even for carbonated drinks).**
- ⑪ **Reusable and recyclable.**
- ⑫ **Non-toxic food grade powder coating.**

STAINLESS STEEL BEVERAGE & FOOD FLASKS

# KUKUXUMUSU®

## FOOD FLASKS

Tight closures.

Microwave safe containers  
(without lid)

## GENERAL FEATURES

① 12h

Insulates hot beverages up to 12 hours.

② 24h

Insulates iced drinks up to 24 hours.  
(Ice cubes recommended for a better performance).

③

Made of 18/8 food grade stainless steel, no liner needed.

④ INOX 100%

100% stainless interior.

⑤

High performance vacuum insulation.

⑥

This thermos will not sweat or have condensation build up on the outside.

⑦

Internal temperature won't affect the outside temperature. No burn.

⑧

No BPA phthalates, lead or other harmful substances.

⑨

Doesn't retain or impart flavors.

⑩

Tight closure (even for carbonated drinks).

⑪

Reusable and recyclable.

⑫

Non-toxic food grade powder coating.

# Customization

Corporate Branding & Promotional Solutions

Perfect for events, employee packages... any design you can imagine can be transferred to our bottles thanks to our customization system.

**Sublime sublimation** - colors and details of your design are superior thanks to our proprietary coating formula...perfect for photographs!

**Fine screenprinting** for bold statements --check out our bottles with Kukuxumusu designs for inspiration!

Or go for **Etching** our stainless steel bottles.

Besides the great advantages of our standard bottles, quality and durability of the print is *fully guaranteed*.

Choose the type of bottle, capacity and the cap and accessories of your choice.

We can make your own bottle for minimum order quantity of just 50 pieces!

For further information, contact us at [sales@lakenuusa.com](mailto:sales@lakenuusa.com)
